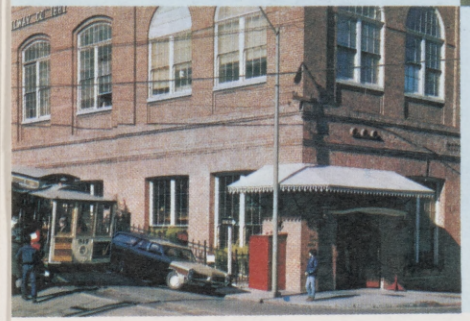
Fisherman's Wharf, home of the fishing fleet and known throughout the world for fine restaurants, is the high point of the revitalized northern waterfront — served by two Muni cable car lines and three bus lines.

One of Golden Gate Park's many treasures is the respected California Academy of Sciences with its planetarium, aquarium, and natural history exhibits.

Muni, owner of the largest fleet of clean, quiet and powerful electric trolley coaches in North America, is replacing veterans like this one with a new fleet.



Muni's Cable Car Barn, home of the cable cars, now boasts a unique transit museum. Its gift shop is the exclusive source of many authentic souvenirs. These attractions are operated by the Railway and Locomotive Historical Society under contract with the San Francisco Public Utilities Commission.
